## CODE OF ETHICS

In September 2015 the High Performance Coaching Commission forwarded Coaching Matters Issue number 3 enclosing a copy of the Code of Ethics document and requested that all registered coaches complete the form and return to us.

On 17 January 2016 the HP Coaching Commission wrote once again requesting completed forms.

Policy 12 – Artistic Coach Accreditation Clause **1.8** states :

All coaches are required to complete and abide by the Code of Ethics Agreement form.

We would appreciate you completing the attached by initialling each page, signing and dating the document where required and returning to the Coaching Commission. Lack of supply of this important document will affect access to the Marshalling Area at the 2016 NZ Championships in New Plymouth

An electronic copy of each page would be appreciated. Please scan the signed document and e-mail to the above address. Alternatively, bring it with you to New Plymouth and hand to the writer of this memo.

Many thanks

Kind regards
