NATIONALS 2010

Discussion held on Nationals 2010.

Decibel readings – announcers were not told about this

Marshals responsibilities became blurred in the figure events. Marshals are responsible for putting the skaters on the floor for the 7 minute warm up prior to their events. This is not the Referees responsibility as it is not an official part of the event.

Some new announcers and a scorer were gained from advertising that Bev did during Nationals while there were breaks.

Presentations in blocks – keep the idea as the principle is good. Scorers will need to have a runner to go to the Referee to get results signed so they are ready to read out at the completion of the last event of the block.

Don't put results up on the board until the end of a block.

Some flippant, lippy remarks were made to Referees from skaters. Skaters need to remember that the Referee deserves respect and skaters need to treat officials with respect.

SCHEDULE

Jane to action some changes to the schedule brought about by changes to the international schedule.

Some further changes made to our national grades.

Schedule to be released now for 2010 year.

CLUB SHOW CHALLENGE

Agreed that a Team name be submitted and a team fee to be paid with the entry for nationals by the closing date as set by Area Committees for National entries. List of skaters to be submitted, typed at the Team Managers meeting for checking by the NZFRS that all skaters on the list are registered members of the NZFRS.
